Installation of the Livernois Throttle Enhancer

2006-16 Dodge

Read all instructions and fully understand them before installing your Livernois Motorsports Throttle Enhancer module. Disconnect the battery terminals and remove keys from ignition before installation. Place De-Electric Grease onto every electrical connection.

1. Installing the Livernois Throttle Enhancer is very simple. First thing you will need to do is locate the connector on the top of your fuel pedal inside the vehicle.
2. Disconnect the factory harness and connect the supplied Throttle Enhancer harness to both the throttle pedal and the factory harness. This allows us to interrupt the signal without cutting the wire harness.
3. Once the harness is connected you will need to connect the supplied switch to the Throttle Enhancer harness. This will plug into the 6" pigtail that comes off the white connector that will to the Throttle Enhancer module.
4. Locate a spot to mount the switch so that you can adjust it if needed. Now route the switch to this location. To mount the switch, remove the knob by loosening the allen screw on the side of the knob and slide it off. Then remove the nut from the shaft of the switch. Drill a hole just big enough for the shaft of the switch to slide through. Now thread the nut back on and tighten it back. Slide the knob back on the stem of the switch and tighten the allen screw.
5. Now you will need to locate a spot to mount the module out of the way. I recommend using the zip ties to hide it under the dash.
6. Next tie all the wires up and out of the way so that they don't get tangled in the pedal or wrapped around your foot.
7. The switch can be adjusted while driving the vehicle to control output of the Throttle Enhancer module. With the knob turned all the way counterclockwise the pedal will perform as it did stock. To make the pedal more responsive, turn it clockwise. This can be done at any time while driving or sitting still.

READ CAREFULLY BEFORE INSTALLING ANY LME PERFORMANCE PRODUCT

REMEMBER THIS IS A HIGH PERFORMANCE PRODUCT. USE AT YOUR OWN RISK. FOR OFF ROAD USE ONLY.

Do not use this product until you have carefully read the following agreement. This agreement sets forth the terms and conditions for the use of the Livernois Motorsports product. The installation of this product indicates that the buyer has read and fully understands this agreement and accepts its terms and conditions.

DISCLAIMER OF LIABILITY

Livernois, its distributors or dealers shall in no way be responsible for the product's proper use and service. The buyer of this system hereby waives all liability claims. The buyer acknowledges that he is not relying on the seller's skill or judgement to select or furnish goods suitable for any particular purpose and that there are no liabilities which extend beyond the description on the face of hereof, and the buyer hereby waives all remedies or liabilities, expressed or implied arising by law or otherwise, (including without obligations of the seller with respect fitness, merchantability and consequential damages) or whether or not occasioned by the seller's negligence.

The seller disclaims any warranty and expressly disclaims any liability for personal injury or damages. The buyer acknowledges and agrees that the disclaimer of any liability for personal injury is a material term for the agreement and the buyer agrees to indemnify the seller and to hold the seller harmless from any claim related to the item of the equipment purchased. Under no circumstances will the seller be liable for any damages or expenses by reason of use or sales of any such equipment.

The seller assumes no liability regarding the improper installation or misapplication of its products. It is the installer's responsibility to check for proper installation and if in doubt the manufacturer is to be contacted.

LIMITED LIFETIME WARRANTY

STATEMENT POLICY

- The warranty policy is the best warranty within the high performance industry.
- All Throttle Enhancer products have been inspected, tested and trial in the factory laboratories and on the field.
- Nothing in this Statement of Policy shall alter or enlarge the terms of warranties, obligations or liabilities of these products.
- Livernois is not responsible or liable for any products damaged or destroyed due to improper installation.

TERMS OF WARRANTY

- The defective product must be freight prepaid and returned to Livernois Motorsports for further investigation, otherwise this warranty shall be deemed null and voided and of no effect.
- This warranty is void on any products that show evidence of misapplication, negligence, and improper installation, and abuse, lack of proper maintenance or alternation from its original design.
- In no event will Livernois Motorsports be liable for any consequential or incidental damages for breach of any express or implied warranty on the product.
- This warranty is not transferable or assignable.
- Livernois Motorsports is not responsible or liable for any products damaged or destroyed due to improper installation.
- **IN THE EVENT THAT THE BUYER DOES NOT AGREE WITH THIS AGREEMENT: THE BUYER MAY PROMPTLY RETURN THIS PRODUCT IN A NEW AND UNUSED CONDITION WITH A DATED PROOF OF PURCHASE TO THE PLACE OF PURCHASE WITHIN TEN (10) DAYS FROM DATE OF PURCHASE FOR A FULL REFUND.**
